For those teachers looking for an opportunity to teach in China, there are many important benefits: to gain years of valuable experience teaching Canadian curriculum (Nova Scotia), so that applications to permanent positions in Canada, (or other countries) will not be based on part-time employment. Teachers can also expect to gain considerable savings with subsidized accommodations, as well as benefiting from a significantly lower cost of living. There are also numerous travel opportunities available to those interested in exploring China and Southeast Asia. The teaching and learning environments are predicated on Canadian models, and our schools aim to closely approximate “Western” pedagogical practices. Teachers who are willing to commit to several years of service will also gain access to yearly advances in salary, as well as year-end bonuses.

Subjects that are taught: Chemistry, Physics, Math, Geography, Canadian History, Drama, Biology, Entrepreneurship, Science 10, Economics, and English Language Arts.

Employment Benefits include:

1. **Free modern furnished apartment** with a private bathroom, living room and kitchen and all are supplied with facilities like air conditioner, TV, cooking stove and washing machine.
2. **Round-trip air travel reimbursement** upon the completion of a one-year contract.
3. **Paid 3-week vacation** during one year.
4. 150RMB/hour for overtime work.
5. Assistance in obtaining work permits and Visa.
6. Provide basic medical plan. **The cost of living and tax rate is quite low in China, making this an excellent saving opportunity.**

Job description:

1. 1-3 year contracts
2. Students aged 15-18.
3. Full-time work.
4. Teaching Hours: 20-25 contract hours per week.

Qualifications:

1. Minimum bachelor's degree of Education and teacher's certification.
2. Experienced teachers and newly graduated teachers are welcome to apply.
3. Age restrictions (58).
4. Physically healthy, easy-going and have a desire to work in China.

Please submit the following documents to Human Resources Manager of Promising International Education Group (PIEG).

Tracy J tracy2006jsr@yahoo.com

1. Copy of the first page of your passport.
2. Your resume.
3. Copy of your Education degree and teacher certification.
4. One recent color photo of yours.

As our schools offer the Nova Scotia Curriculum, we are seeking to hire Nova Scotia Certified Teachers. Teachers who are eligible for Nova Scotia Teacher Certification may be hired for one school year, and we will continue to employ them beyond the initial school year only if they become a Nova Scotia Certified Teacher.
