BACKGROUND

The Canadian School of Tashkent is the first Canadian K-12 school established in Tashkent, Uzbekistan. We are inspired by Canada's global competitiveness and world-class education standards. We leverage both the Canadian education system and the infinite possibilities presented by digital technologies to prepare our students for the future challenges and opportunities. At the Canadian School of Tashkent, we offer education to students of all nationalities, ranging from Preschool, students aged 3 years, to High School Grade 12. We offer a blend of Canadian and international curriculum as well as McGraw Hill contents while integrating digital technologies and contents in our learning and teaching systems. Our distinctive emphasis on digital education and project-based learning prepares our students for a world that is already transformed by digital technology and innovation. Our qualified staff and teachers, international curriculum and digital contents, world-class campus facilities as well as partnership with leading Canadian institutions makes us the best choice for a top employer in Tashkent.

Why Work with the Canadian School of Tashkent?

The Canadian School of Tashkent is committed to attracting the best and brightest of talents to work as teachers and professional staff who will inspire the next generation of change-makers and dreamers. If you are passionate about education and service in an institution that values academic and professional excellence, we invite you to consider applying for career opportunities at our school. We implement a rigorous and competitive selection process for our teachers and professional staff as we build a community of caring, professional, and committed individuals. Our work environment is cutting-edge, inspiring, and fast-paced. We encourage curiosity, innovation, and creativity in a rewarding intercultural environment. We offer our team exciting opportunity to apply their skills and gain experience while creating lasting change in education. Our campus is centrally located in Mirabad District in Tashkent. We offer competitive benefits, annual leave, safe and healthy working conditions, and fair compensation to both our national and international colleagues.

JOB BRIEF

We are seeking a highly qualified and dedicated Home Room Teacher to join our Primary School team at the Canadian School of Tashkent. The ideal candidate will have a strong background in education and a passion for teaching and inspiring students. As a Home Room Teacher, you will deliver engaging and effective lessons, foster a positive learning environment, and promote student success in these subjects.

Job Overview

As a Home Room Teacher, you will be responsible for teaching English, math, Science, and SED classes to primary students, ensuring that the curriculum is effectively delivered and student progress is monitored. You will utilize innovative teaching methods and resources to engage students, encourage critical thinking, and develop their problem-solving skills. Collaboration with colleagues and active participation in professional development activities will be essential to enhance instructional practices and contribute to the overall academic program.

Main duties and Responsibilities

- Develop and implement lesson plans and instructional materials that align with the curriculum guidelines and educational standards for math and physics.
- Teach English, math, science and social studies to students, utilizing a variety of teaching strategies and techniques to accommodate different learning styles and abilities.
- Assess student learning through regular evaluations, assignments, and examinations, providing constructive feedback to support their academic growth.
- Create a positive and inclusive classroom environment that promotes active student participation, collaboration, and respect for diverse perspectives.
- Utilize technology and educational resources effectively to enhance student learning and engagement in math and physics.
- Establish clear expectations for student behavior and maintain discipline in the classroom, ensuring a safe and conducive learning environment.
- Communicate regularly with students, parents, and colleagues to provide updates on student progress, address concerns, and foster effective partnerships.
- Participate in faculty meetings, professional development workshops, and school events to enhance teaching practices and contribute to the school community.

REQUIREMENTS:

Qualifications:

- Bachelor's degree in Education or a relevant field (Master's degree preferred).
- Valid teaching certification or license in primary education.
- Familiarity with current educational technology and resources.
- Excellent communication, organization, and classroom management skills.

- Ability to differentiate instruction to meet the needs of diverse learners.
- Collaborative mindset and willingness to work as part of a team.
- Commitment to ongoing professional development and staying updated on best practices in math and physics education.

Experience:

- Minimum of 3 years of teaching experience.
- Experience working with international or diverse student populations is a plus.
- Experience integrating technology into the classroom .
- Canadian curriculum and McGrawHill experience (preferred)

If you are a passionate and tech-savvy Home Room Teacher who is dedicated to empowering young learners in a digital school environment, we encourage you to apply to join our dynamic educational community.

We offer a competitive salary and benefits package, along with a supportive work environment that values professional growth and innovation. If you are a motivated and experienced individual with a passion for education, we invite you to apply for the position of Home room teacher.

To apply, please submit your resume, cover letter, and any relevant certifications or references to jobs@canadianschool.uz.
